Information about Copyrighted Content

Some instruments administered for studies archived with ICPSR may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE

WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

ICPSR PROCESSING NOTES FOR #38853

*IPUMS Contextual Determinants of Health (CDOH) Sexual and Minority Gender Measure:
Proportion Identifying as LGBTQ by State, United States, 2021-2022*

DS 2: Cisheterosexism State Proportion of Population Identifying as LGBTQ+ Data

1. **Restricted-Use:** This data collection may not be used for any purpose other than statistical reporting and analysis. Use of these data to learn the identity of any person or establishment is prohibited. To protect respondent privacy, this data collection is restricted from general dissemination. To obtain these files, researchers must agree to the terms and conditions of a Restricted Data Use Agreement in accordance with existing ICPSR servicing policies.
2. **Linking Variable(s):** The IPUMS Contextual Determinants of Health (CDOH) data are made available through ICPSR/DSDR for merging with the [National Couples' Health and Time Study \(NCHAT\), United States, 2020-2021 \(ICPSR 38417\)](#). To use the IPUMS CDOH data, users will need to first merge the NCHAT data to the **MATCH_ID** and **STATEFIPS** variables in DS1. This merged file can then be linked to the IPUMS CDOH data in DS2 using the **STATEFIPS** variable.
3. **Variable Label Description:** Please refer to the "Data Summary" section of the User Guide for a full description of each variable's label.

ICPSR 38853

IPUMS Contextual Determinants of Health (CDOH) Sexual and Gender Minority Measure: Proportion Identifying as LGBTQ by State, United States, 2021-2022

Variable Description

Summary statistics (minimum, maximum, arithmetic mean, median, mode, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.
